KRAFT PAPER FISH ORNAMENTS

SUPPLIES YOU'LL NEED

- Kraft Paper, Letter Size 8.5" x 11"
- Crayons, Paint, Markers, or Paint Pens
- Stapler
- Shredder Paper
- Scissors
- 1/8" wide Ribbon
- Fish Template

STEP 1: DOWNLOAD & PRINT

Grab the fish template and print it on letter-size Kraft paper.

STEP 2: DOUBLE IT UP

Place a blank sheet of Kraft paper behind each printed design. Hold both sheets together and cut out your fish shape. (Keep each cut-out pair together!)

STEP 3: DECORATE

Color, paint, or doodle your heart out on one side of each fish.

STEP 4: STAPLE & STUFF Lay the decorated fish on top of its blank twin. Staple halfway around the edge so it looks like cute little stitches. Leave an opening, then stuff it with shredded paper. Tuck in any strays.

STEP 5: ADD THE HANGER

Cut 5-inch ribbons, knot them into loops, and staple one to the back of each fish at the top fin.

STEP 6: CLOSE IT UP

Finish stapling around the fish to seal it in. Done!

Pro Tip: Try this same method with other Cowboy Kimono templates—birds, bugs, shells, starfish, or milagros. Mix them together for a whimsical, garden-of-delights tree that feels alive all year long.
